**Re: 2010/11 SchoolsConnect Passes**

As I am sure you are aware, we currently provide bus services for your pupils. Should any of your pupils be interested in either purchasing or renewing their SchoolsConnect passes for the 2010/11 academic year, please see the attached application form. This form should be returned to us as soon as possible, as annual pass applications received before the end of May will be charged the reduced rate of £320.

The prices for the coming academic year will be priced at £340 per annum or £140 per term. These SchoolsConnect passes will be the only passes valid on our Schools services, and can be used on both our school routes and most Central Connect services (excluding night services). Also note that for occasional use where a bus pass is not required, cash fares are available for each journey made.

Please note that payments by cheque should be payable to "Central Connect" and be post-dated 1st July 2010, and card payment can be made by calling our head office on the number provided. Passes will be processed and sent out during the summer holidays.

Route descriptions, timetables and our terms and conditions of travel are available on our website, located at [www.connectbuses.com](http://www.connectbuses.com).
